The first is Patreon, I hope to get a couple hundred an hour, which honestly, if they would pay that, I can probably quit the day job. Which oh by the way, is NOT WASTING TIME...since I can work with that kind of speed as well! But also, I am working on a new design for a Shorts story called LOOSE YELLOW. You will not like it. I will also be available for paid work as well, I have people wanting to make short horror stories that means they are going to be well paid. The next option is...TUMBLR.
